RESULTS OF INSPECTION.

Report on Sanitary Conditions at the Mountville Penitentiary.

Charges have recently been made that the condition of the Mountville, Va., penitentiary is unsanitary, and that numerous deaths were resulting among the prisoners there as a consequence of the unhealthy condition of the prison. A report printed in the Wheeling Intelligencer is to the effect that the government inspector, W. A. Ladow, has just made a visit to the penitentiary and has conducted a thorough examination of the institution, noting particularly the sanitary conditions of the prison. His visit at this time, it is stated, was made on account of the reports of the alarming number of deaths caused by consumption in the prison.

The results of Mr. Ladow's inspection are given as follows:

"He found nothing existing in or about the prison to warrant the stories recently put in circulation as to the unusually large number of deaths due to diseases of the respiratory organs, and will so report to the Department of Justice.

providing modern methods of plumbing and ventilation for the present cells.

"The physician's report for the year ending September shows the total number of persons treated during the year as 1,198. Of these have died and eighty-two remain ill. Of these the latter are the sixteen were caused by diseases of the respiratory system, an increase of two over the previous year."

Mr. Annin Recovering His Strength.

William E. Annin, special agent of the rural free delivery service of the Post Office Department at Denver, formerly prominent on newspaper row, and who is an active member of several of the local fraternal organizations, has been quite ill for some time at Phoenix, Ariz. At the Christmas day observance of Washington Commandery, No. 1, Knights Templar, greeting and fraternal salutations were ordered to be sent to him by wire. His answer has been received, and indicates a marked improvement in his health, which his large circle of Washington friends will heartily appreciate.

Atlantic City Bureau of Information.

A bureau of information of Atlantic City, N. J., is open at the Shoreham in charge of Mr. H. S. Wallace, from 10 a.m. to 1 p.m.; 2:30 to 5, and 7 to 8 p.m. Photographs of the principal points of interest and all information relative to the winter party is given.

FLAG PRESENTATION

BANNER FOR HARDEN COMMAND, SPANISH WAR VETERANS.

The Gift of Lillian Capron Auxiliary—Installation of Officers—The Addresses.

One of the most successful and brilliant functions that has ever been given in Spanish War Veterans' hall was the presentation to the Harden Command, Spanish War Veterans, and the installation of officers of the Lillian Capron auxiliary to the command last night. The hall was filled to its utmost capacity with beautifully gowned ladies, Minute Men in their continental uniforms of buff and blue, members of the Capron Cadets in National Guard blue and Spanish War Veterans in blue and gray. The hall was beautifully decorated for the occasion.

As Captain Chas. J. Harlow of Harden Command received the beautiful stand of colors from the hands of Mrs. Capron, the clear notes of a cornet rang out as Prof. Samuel E. Harlow, who conducted "The Star Spangled Banner." He was accompanied on the piano by Miss Mary H. O'Neill, sister of Captain Buckley O'Neill, who like Captain Capron gave up his life for his country on the slopes of Santiago.

Installation Ceremonies.

Mrs. Flora A. Lewis, president general of the National Auxiliary, was escorted to the fore by the color guards—twelve young ladies in white. She duly installed the following officers:

Mrs. A. K. Capron, president; Mrs. Eliza V. Hodgson, senior vice president; Mrs. Mary Scanlon, junior vice president; Mrs. J. F. Nolan, chaplain; Mrs. Raymann, conductor; Miss Clara E. Eder, color bearer; Mrs. Hoyt A. Holton, guard; Miss Minnie Meyers, recording secretary; Mrs. Clara E. Eder, corresponding secretary.

Woman Behind the Man.

"It is not so much the man behind the gun," said Gen. Harries, "as it is the woman behind the man who is behind the gun." He paid a high tribute to the patriotism and sacrifices that have been made by women in war time, and said the valor of the soldier depended largely on the dear ones he had left behind.

ONE PERSON TO EACH TICKET.

On This Basis Cards Were Issued for Library Dedication.

During the last few days the library building, on the corner of 7th and K streets, which Commissioner Macfarland is chairman, has received a large number of letters and telephone messages requesting cards of admission to the library opening. A great many inquiries have also been made whether a person invited can bring a member of his family.

NEW PRINCIPLE ESTABLISHED.

Decision in the Interesting Rhodes Will Case.

The Supreme Court of the United States yesterday rendered an opinion settling the important questions involved in what is familiarly known as the Rhodes case, on appeal from the Court of Appeals of the District of Columbia.

GEORGETOWN AFFAIRS

CITIZENS' ASSOCIATION DISCUSSES COAL SITUATION.

Funeral Services Over Remains of Mrs. Curry—Alfred Turner's Mishap—General Items.

The coal situation in the District of Columbia was the all-absorbing topic of discussion at the regular monthly meeting of the Georgetown Citizens' Association, held last evening at the offices of the First Cooperative Building' Association, 1325 3rd street. After the reading and adoption of the minutes of the previous meeting, and accepting the resignation of Dr. J. B. Keene as secretary of the body, President B. T. Janney, who presided, announced that the meeting would be given over to the discussion of questions of interest to the people of the District generally, if those present so desired.

President Janney's suggestion was introduced and Mr. John Leetch, general manager of the Washington Gas Light company, was introduced to the assembly. Mr. Leetch gave a review of the circumstances surrounding the institution of the coal strike in the anthracite regions, the efforts to adjust it, the settlement and the present condition of affairs. During his talk Mr. Leetch said he was of the opinion that the published reports in reference to the situation had done more harm than good. Mr. Leetch was inclined to think that the citizens committee appointed to ascertain the status of affairs had accomplished very little and had attempted a task of great magnitude.

Mr. King Discusses Improvements.

Mr. George W. King, treasurer of the association, gave his views in reference to the great need of repairs to the west end section of the city, and declared that there had been a large amount of money appropriated by Congress for such repairs, but as yet it has been unexpected. According to figures, said Mr. King, a considerable sum is due Georgetown, and it could be used to present most advantageously in the way of paving those streets of Georgetown, which connect with the important country roads. The lack of interest in District affairs on the part of the merchants and residents of Georgetown, said Mr. King, is becoming more and more manifest and is doing more and more harm to the city. It is the welfare of that portion of the District lying west of Rock Creek that is at stake.

General Items.

Funeral services were held at 10 o'clock this morning at the Peck Memorial Church over the remains of Mrs. Louise Curry, who died Sunday at her home, 1049 31st street northwest, of Bright's disease, after a lingering illness. The services were conducted by the Rev. Charles A. Smith, pastor of the church, and the interment was made in Rock Creek cemetery. Mrs. Curry is survived by her husband, Mrs. Garrett Dore, and her daughter, Mrs. M. J. Curry, who is the widow of Peck Memorial Church, and her death will be keenly felt by that congregation.

HERMAN BARGHAUSEN DEAD.

Native of Germany, but Resided in Washington Forty Years.

Mr. Herman Barghausen, for forty years a resident of this city, died this morning at 1:20 o'clock at his residence, 476 O street northwest. Mr. Barghausen came to this country from Germany, and was employed in the cabinet-making business for many years. He was a native of Germany, but resided in Washington forty years.

MILITARY AUTOMOBILES.

Their Employment in Russian Maneuvers Not Satisfactory.

The recent Russian military maneuvers near Kursk are described in a report just received by Adj. Gen. Corbin. From a military standpoint the maneuvers were very satisfactory and taught the Russians many lessons. The rapid assembling of large bodies of troops.

WORKED GAME ELSEWHERE.

Shields and Rhinehart's Arrest Pleases

Capt. Boardman has received communications from the police of several cities on the arrest of Arthur Shields and Arthur Rhinehart at Georgetown several days ago on a charge of kidnaping. The men were arrested before, Judge Kimball of the Police Court, and are awaiting trial by jury.

CHECK INTACT, \$50 MISSING.

Captain Taussig's Pocket Book Found by Colored Man.

A colored man who says he is Philip Braxton of 25 Dingman place northwest, called at the sixth precinct last night and turned over to the officers the pocket book found by Captain Edward D. Taussig, United States navy, near the Pennsylvania depot several days ago. The check for \$50 was intact in the pocket book, but it did not contain the \$50, which was in it at the time it was lost.
